PROFILE

BCA student at Amity University Online, actively seeking internship, part-time, and full-time opportunities. Genuinely interested in Customer Support, Customer Service, Chat Support, Back Office, Data Entry, Web Development, and Digital Marketing roles. Brings hands-on project exposure in WordPress website development and digital marketing, having worked on website projects for hotels, insurance businesses, schools, and other business use cases. A quick learner with a strong interest in problem solving, customer communication, and technology.

PROJECT & PRACTICAL EXPERIENCE

- Web Development & Digital MarketingOngoing
- Building and working on multiple website projects using WordPress for a range of business and institutional use cases.
 - Delivered website project exposure across hotel, insurance company, school, and other business websites.
 - Worked hands-on with digital marketing activities including SEO, social media marketing, Google Ads, and Meta Ads.
 - Comfortable handling customer support and data-entry related tasks; keen interest in client-facing roles.

SELECTED PROJECT EXPOSURE

- WordPress website projects for hotel and hospitality businesses.
- Website projects for insurance and business service providers.
- Website projects for schools and educational institutions.
- Digital marketing activities spanning SEO, social media, Google Ads, and Meta Ads.

WHY CONSIDER ME

- Fast, self-driven learner able to pick up new tools and workflows quickly.
- Practical, hands-on experience across web development and digital marketing, not just theory.
- Strong communication skills with a genuine interest in customer-facing and support roles.
- Flexible and reliable — open to Work From Home, on-site, full-time, part-time, and internship formats.
